Academic and Admission Matters

Founded in 1911, the University of Hong Kong (HKU) is the oldest tertiary institution in Hong Kong. In 2015/16, HKU has a population of over 27,000 students. Among them, there are over 10,000 overseas students enrolled from about 100 countries. HKU ranked 1st in Hong Kong, 2nd in Asia and 30th in the world, according to QS University Rankings: Asia 2015 and QS World University Rankings 2015/16 respectively.

HKU is a culturally diverse campus. It offers full-degree programmes and short term exchange programmes to non-local students. You can also choose to study at HKU as a “visiting student” for a short period of time. Details on admission criteria and procedures can be found on the website <http://www.hku.hk/admission>.

Hong Kong Culture

Language

Hong Kong is a cosmopolitan society. Chinese is the major ethnic group. Locals speak the dialect of Cantonese. Most people speak Cantonese and understand English, though fluency of the latter may not be perfect. Putonghua is commonly heard and spoken nowadays. Some locals may have difficulties in communicating with you, particularly if you have strong regional accents. You may also find that you have difficulties in understanding them at first. Just be patient. Try to speak slowly. Avoid colloquialisms and jargons if you can. When communication becomes really difficult, remember the magic word “smile”. It works across all cultures.

Social Customs and Behaviour

• It is common to call your peer’s first name. It is always safe to address the elders and seniors in the social circles with their titles such as Mr. Chan, Dr. Wong, Professor Lee, etc.
• It is advisable to give your Chinese friends plenty of personal space, particularly if you do not know them well. If you are interacting with the locals, avoid the common western gestures like back slapping and nudging as most Chinese find them uncomfortable.
• Do not push ahead of others who are waiting in a queue.
• It is not polite to ask a newly acquainted person about his or her income or marital status.
• Squatting on the street and spitting or speaking loudly in public area is regarded as “uncivilised” acts. Putting your feet on a chair or on a train seat is deemed as “very bad manner”.
• Modesty is highly valued by the Chinese. Display of intense affection, temper or anything “extreme” will very often be frowned upon.
• The concept of “face” (dignity) is very important for the Chinese. Refrain from making criticism and personal remarks on social occasions.
Chinese Festivals

Hong Kong celebrates many traditional Chinese festivals. The most important one is the Chinese New Year, which usually falls in January/February. Classes will be suspended and university offices will be closed.

More information on Chinese festivals can be found at: www.discoverhongkong.com

Daily Living in Hong Kong

The University campus is well served by subway (Mass Transit Railway), buses and green mini-buses. Eligible students can apply for a “Student Octopus Card” in October every year. Details can be found at <http://www.mtr.com.hk>.

Generally Hong Kong is a safe city with many well-lit roads. Public transportation services also operate till midnight throughout the week.

If you wish to learn about the other facets of “HK life” such as transportation, money matters, cultural events, tourism spots, you can surf the official websites such as <http://studyinhongkong.edu.hk> and <http://discoverhongkong.com> before departing for Hong Kong. Essential information is also listed at CEDARS website at <http://cedars.hku.hk/wow>. You are strongly recommended to read the “Guide for Newcomers” at <http://cedars.hku.hk> (Publication) upon arrival.

Family Matters

Should I bring along my own family?

Before making a decision of bringing your family to Hong Kong, it is important to consider the following issues:

• The airfare expenses for your family to and from Hong Kong
• Additional accommodation expenses as you will need to rent a larger flat
• Extra cost for food, clothing and other necessities
• Restricted employment opportunities for your spouse
• Provision of child care facilities
• Whether your children will adjust well to schools in Hong Kong
• English-speaking schools are mostly privately run and expensive
• The impact on you and your studies if your family is not happy in Hong Kong
• Whether you come to Hong Kong first and arrange things for your family, or bring your family to Hong Kong together with you

Financial Aid

Like in most countries, the HKSAR government or the University does not provide financial aid to non-local students. It is therefore important for you to plan your budget well and ensure that you will have adequate financial resources to cover all of your expenses during your stay in Hong Kong.

Scholarship

Postgraduate studentships/scholarships are available for those pursuing a M.Phil. or Ph.D. degree. Further information is obtainable from the Graduate School. Website: www.gradsch.hku.hk

Students will be considered for entrance scholarships when they submit admission applications to HKU and the result will be announced at the same time when students receive an offer of admission. No separate application is required.
http://www.hku.hk/international

Students may also apply for other scholarships after they are admitted to HKU.
http://www.scholarships.hku.hk/

Part-time and Summer Job

Under existing immigration regulations, non-local students in full-time full-degree programmes are allowed to work at the designated operators on the HKU campus for up to 20 hours per week during term time. They can also work full-time during the summer period. For details, please visit the CEDARS website at <http://cedars.hku.hk/wow>(visa).

While some students can earn extra money from part-time and vacation work, availability of suitable jobs is not guaranteed. It is not advisable to plan your budget expecting to find work for the maximum allowable hours.
Banking Arrangements: Making early provision

If you do not have a bank account in Hong Kong, you will need to transfer money for use on arrival. This can be done, either

• by instructing an overseas bank one or two weeks prior to your departure. Arrange to send money in your name to a bank in Hong Kong (both HSBC and the Bank of East Asia have branches on the HKU campus); or
• by carrying traveller’s cheques or bank drafts for deposit into a local account (personal cheques can also be deposited but may take up to three weeks to be cleared).

Majority of banks are open from 9:00 a.m. to 4:30 p.m., Monday to Friday. Most establishments in Hong Kong accept major credit cards such as VISA, MasterCard and American Express but the University and most campus outlets accept cash or cheque only.

Documents for opening a savings account:
• Passport with student visa
• Student card and letter of admission
• Proof of your permanent address in your own country (e.g. original bank statement in English/Chinese, issued in the last three months, latest driving license in English/Chinese)
• Introducer or referee letter from home country’s bank in English/Chinese (if any)
• Hong Kong Identity Card (if any)

Note:
1. Banks may require additional documents in opening of account or reject applications of persons from certain countries. Please allow more time to process your bank account. Ensure that you have brought along enough cash to live in for the first few months.

2. Students under 18, please refer to p.36.
Bringing money

There are usually significant extra expenses in the first month of your stay, such as rental charges, household items and textbooks. On top of the tuition fees, expenses for the first month can amount to HK$10,000 or more for a student. It is important to have a realistic idea of the amount of money you will need and plan accordingly.

You are advised to bring enough cash, traveller’s cheques, or bank drafts to cover expenses of at least your first month. Do not, however, carry too much cash at any time.

You will be able to locate banks and currency exchange services at the airport as well as on campus.

You can obtain a bank draft or transfer money to a bank account in Hong Kong through your local bank. Keep in mind that it may take some time to cash a bank draft with a large amount of money.

Money transfers should be arranged well before your departure.

There are two banks and automated teller machines (ATM) located on campus:

- HSBC + ATMs (Tel: 852-2233 3000)
- The Bank of East Asia + ATMs (Tel: 852-3609 1812)
- Bank of China (ATM only)

Check their locations at: www.maps.hku.hk

The official currency of Hong Kong is Hong Kong Dollar (HK$). You can exchange for Hong Kong Dollar with foreign currency or traveller’s cheques according to the daily exchange rates at any banks or money exchange shops in Hong Kong.
Housing

1. Housing for full-degree undergraduate and exchange students (for full-time students only)

We have different types of housing to suit your needs:

(A) Halls (primarily for undergraduate students)

There are thirteen halls of residence, eleven of which are directly administered by the University, while two are financially and administratively independent of the University. These halls vary considerably in size and character. They are basically undergraduate halls, but they also accept a small number of postgraduate students. Halls assign 30%-33% of their places to non-local students. Competition for hall places is keen.

Hall Culture: Is it for you?

The halls of HKU are committed to the personal and social development of their members. They are a part of the education system, rather than a mere provision of accommodation. Hall members are expected to take full advantage of this experience and to participate actively in a wide range of hall activities.

The halls are also known for their strong hall spirit. Members identify very strongly with their halls. Each hall has its own tradition, culture and unique characteristics.

(B) Residential Colleges (for undergraduate and postgraduate students in UGC-funded programmes)

There are also four Residential Colleges (Jockey Club Student Village III – Shun Hing College, Chi Sun College, Lap-Chee College and New College) for 1,800 students.

The Residential Colleges have three distinctive features. First, as they are located in Kennedy Town and next to many residential blocks, students have very close engagement with the community. Students use their knowledge and skills to help build a better community and at the same time, learn and grow in the process.

Second, there is a strong intellectual and academic component. Through activities such as seminars, salons, talks and projects, students together embark on
interesting intellectual journeys and explorations. Such activities will also benefit the rest of the University community.

Third, the Residential Colleges have strong representations of local, mainland and overseas students. There is a lot of in-depth cultural exchange. The students may also help Kennedy Town to develop into a multi-cultural community.

Finally, the Residential Colleges also build on the proud traditions of hall, e.g. strong identity, High Table Dinners, etc.

Residential Colleges assign about two-thirds of their places to non-local students.

Facilities in Hall & Residential Colleges

All halls and Residential Colleges have common rooms and recreational facilities. Each floor has its own pantry equipped with refrigerators, microwave ovens, hotplates, water boilers and drinking fountains. Communal bathrooms and toilet facilities are provided on each floor. All rooms are air-conditioned and are furnished with beds and mattresses. Each student is provided with a wardrobe, a writing desk with a lamp, a chair and a bookshelf. Individual network point and a shared telephone line are provided in every room in most of the halls. Coin/smartcard-operated washing and drying machines are provided in every hall as well.

(C) Other Student Residences

When all vacancies of halls or Residential Colleges for non-local undergraduate students are filled, students will be assigned a place in a “non-hall” student housing like Pokfield Road Residences (PRR). *(see Accommodation for postgraduate students below).*

The lodging fee for undergraduate students in PRR is same as that of other university-administered halls or Residential Colleges. In addition, residents will be charged for air-conditioning fees and they have to pay smartcard deposits.

**Application Procedures:**

The Centre of Development and Resources for Students (CEDARS) coordinates and places newly admitted non-local undergraduate students into halls and non-hall student housing. As soon as you are admitted to the University, you may submit an application. The online application form is available under “Housing for non-local students” of the CEDARS website at <http://cedars.hku.hk>. You will normally be notified of your application result from late July (for students admitted for the first semester) or from early December (for students admitted for the second semester).

**Outside-Accommodation - Bursary Scheme**

CEDARS has introduced “Bursary Scheme for Outside Accommodation” since the academic year of 2009-10 to non-local undergraduate students in order to enrich their residential experience. The Scheme serves good educational value for non-local students if they live in the community. Students can understand more and be better integrated into the local community. If a few students team up to rent an apartment, they can also learn to take care of and collaborate with one another. For details, please contact Accommodation Service at accommodation@cedars.hku.hk.

**II. Housing for postgraduate students**

The University has a few postgraduate residences that are independently managed. You should contact these residences directly for applications and enquiries.
(A) Graduate House (UGC-funded programmes only)

Located on the Main Campus, Graduate House provides air-conditioned accommodation for 200 postgraduate students. There are 190 single rooms with a shared bathroom between two adjacent rooms and 10 double rooms with private bathrooms. Approximately 80% of residents are from overseas.

**Monthly charges (in Year 2015-16):**
Single room: HK$3,027  
Double room: HK$5,546 (for married couples without children)  
(Occupants are required to pay the monthly electricity charges of their own bedrooms)

Security deposit: one month’s rent  
Key deposit: HK$100

Founded in 1913, Morrison Hall is one of the oldest halls in the University. The Hall was closed down in 1968. Yet, with the efforts of the “Morrisonians”, a campaign for the rebuilding of Morrison Hall was initiated in late 1990s. The new building is located near the Flora Ho Sports Centre. All rooms are double rooms fully furnished with air conditioning and access to the campus network. There is a common bathroom and a pantry on each floor. It provides 150 residential places for both male and female postgraduate students. Priority will be given to newly arrived research postgraduates. It also consists of an undergraduate residence which accommodates 150 male students. All Morrisonians are expected to interact with each other through formal as well as informal hall activities. The monthly lodging fee for each postgraduate student is around HK$1,700, subject to annual review.

Laundry and air-conditioning services are operated by a ‘pre-paid smartcard’ device. Each floor has a communal pantry equipped with hot and cold drinking water supply, hot plates, a microwave oven, a refrigerator and a television. There are communal washrooms and shower stalls on each floor as well.
There is a five-storey podium housing multi-purpose common rooms for various social and academic-related activities.

The target proportion of undergraduates to postgraduates is 1:1. The monthly lodging fee for each postgraduate student is around HK$2,500 (double room) and HK$3,200 (single room), subject to annual review.

III. Housing for married students and dependants

The University does not have any accommodation facilities specifically provided for married students and their dependants. However, they may apply for the rooms run by the Robert Black College (monthly rental ranges from HK$7,000 to HK$20,000) for temporary stay. In the long run, they need to rent a private flat outside the campus. Graduate House and Pokfield Road Residences also have limited residential places for married couples without children.

IV. Housing for students with special circumstances

For students who have special needs and would like to apply for student housing for a temporary period, you are welcome to contact CEDARS for applications. Our housing team will be pleased to assess and make recommendations according to your needs and the availability of vacancies in our residences. Enquiry: accommodation@cedars.hku.hk

Students with a disability or special educational needs may refer to the section “Special Educational Needs (SEN) Support on p.35 for the support available.
V. Off-campus privately rented housing: an option for all

Privately rented housing is another option for you. Private accommodation is relatively more expensive than living in halls. Most landlords look for long-term tenancy of at least a year. If you wish to look for privately rented accommodation, you are strongly advised to arrive earlier, so that you will have ample time for property inspection and rental negotiation. The monthly rental starts from HK$4,000 up for a small single room and HK$10,000 or more for a flat. A set of guidelines on tenancy matters can be found under “Housing” section on our website at <http://cedars.hku.hk>.

Hotels and Hostels in Hong Kong

There are a number of hotels and hostels in Hong Kong, in which students can stay either short-term or long-term. Please visit the CEDARS website and go to “Housing” for information.

Guest Rooms on Campus

A few guest rooms are available in some halls for students to stay temporarily. For those who need a guest room, they should contact the following hall offices directly for reservation and information:

Medical Care and Insurance: Keeping well

The University provides comprehensive primary health care to entitled students through a clinic on the Main Campus. Medical consultations are generally free of charge. Certain medications, preventive services and other items are charged at cost. A notional charge is also levied for dental treatment and physiotherapy treatment at the University clinic.

When specialist care and hospitalization are required, students can consider using these services provided at public clinics and general wards of government hospitals. The charge for those holding a Hong Kong Identity Card is subsidized. Non-local students without a Hong Kong Identity (HKID) card are required to pay full fees for services and hospitalization in government hospitals. You may be eligible to apply for a HKID card if you are going to spend more than 180 days in Hong Kong. As it takes time to obtain the HKID card, you are strongly advised to get your own medical insurance to cover your first month of stay. Visiting students staying at the University for less than 6 months are strongly recommended to obtain their own ‘insurance cover’ for the whole period of their stay in Hong Kong.

Non-local persons without a HKID card have to pay FULL FEES for services and hospitalization in Government Hospitals. The public charges for non-eligible persons are as follows:

<table>
<thead>
<tr>
<th>Deposit</th>
<th>Around HK$ 60,000 to be paid upon admission</th>
</tr>
</thead>

</tr>
<tr>
<td></td>
<td>This does not include charges for tests, X-rays, cast, medication and follow up checks etc.</td>
</tr>
</tbody>
</table>
Fees are adjusted upward annually. The above charges are for reference only. Patients need to settle all outstanding charges before discharge.

Please note that many insurance policies are strictly on a reimbursement basis. International students, even with insurance coverage, may have to settle the medical bill first before you can claim reimbursement. It is important that you check carefully with your insurance company on the extent of coverage, and the claim procedures, and set aside a sum of money for contingencies.

You may still be under the age of 18 at the time of admission to HKU. In this case, your parent/guardian is required to sign a consent form, without which the University may have difficulty in arranging some of the teaching and learning activities, and accommodation for you.

You will be generally treated as an adult and are expected to lead your academic and social lives in HKU as other students do. The University will correspond directly with you, but not your parents/guardians, on things related to you such as course enrollment, payment status of fees, academic status, results and grades, etc. Your parent/guardian will only be contacted in emergency or other situations where potential risks are involved.

Things to note:

1. **Student visa application**
   Your parent needs to nominate a local Hong Kong resident to be your guardian when applying for a student visa. Details of the guardian and nomination form should be attached to your visa application set at the time of application. Please consult your student visa sponsor office if you have further enquiries.

2. **Banking arrangement**
   Students under 18 must be accompanied in person by their parent or legal guardian to open a bank account at one of our local banks. The University is not able to act as your guardian in this context.

3. **Housing**
   If you are in need of student housing and are successful in your application, you will only be housed in University student residences such as Halls, Non-halls and the Residential Colleges.
Visa Matters

Who should apply for a student visa?
Generally speaking, if you wish to study in Hong Kong and you do not have right of abode in Hong Kong, you need to apply for a HKSAR student visa.

**Individual Peer Tutoring on Language (English and Cantonese)**

**Peer English Tutoring**

Half-hour English conversational practice sessions are offered to HKU students who want to brush up their English oral skills. All English peer tutors are native or near native English speakers. This collaboration between CEDARS-CoPE and Centre for Applied English Studies (CAES) has proven to be an effective and popular initiative that benefits both tutors and tutees.

You can register as a tutee to learn from your peers, or become a Peer Tutor to help other students. Stay tuned for enrollment/recruitment notices from CEDARS-CoPE.

Our theme “One simple engagement, endless Discoveries” brightens the colorful world of The Postgraduate Student Association (PGSA). Established in 1993, the PGSA of HKU has been serving postgraduate students and alumni for more than 20 years. Postgraduate students can hone their skills

The Association aims to enhance postgraduate life at HKU by encouraging students’ active interest in their welfare through participation in various academic, social and professional events. The Association is an independent unit in the University and it is an autonomous body like HKUSU. PGSA is open to all postgraduate students at HKU, both full-time and part-time. The membership, which is lifetime, offers many postgraduate activities held in HKU. These activities may consist of basketball games, tennis games, social parties, high table dinners, career building workshops, outdoor trips and lectures of special relevance to postgraduate life.

It is noteworthy that voluntary works of different natures are also our missions and duties. With the support from the HKU family and friends like you, together, it would be our fabulous chance to embrace the beautifulness and fruitfulness of postgraduate life. Looking forward to meeting you at HKU
A map of HKU can be found at http://www.maps.hku.hk/
Pre-departure Checklist

Visa Formalities
• You should have got your student visa label before you come to Hong Kong. Make sure that you show the page of your passport with the visa label and your visa approval letter to the immigration officer when you are at the immigration clearance counter. You will be issued with a landing slip and your student visa will be activated. Please keep the landing slip and check the information on it carefully.

• You need to come to CEDARS or China Affairs Office (CAO) to complete any outstanding visa matters upon arrival.

Housing
• For those who have already got a hall place, please ensure that you have informed the hall office of your arrival time. For those arriving at odd hours, make sure you have made arrangements either with your buddy or the hall on your check-in procedures. You also need to purchase your own pillows and bed linens.

• For those who have not secured accommodation yet, please check the private accommodation options on iMAP. CEDARS accommodation service can also help you look for private accommodation nearby and advise you on tenancy agreement and rights.

HKU Weeks of Welcome
This is a series of induction activities for newly arrived non-local students. The highlight of programme is Orientation Day for Non-local Students. You will receive an email inviting you to register for these programmes online or you can visit <cedars.hku.hk/wow> for details nearer the time.

Reception and Orientation
There is an array of orientation programmes for new students, run by various offices / student groups. Information is usually available at websites of the respective offices nearer the time. Check this out before you come. Some programmes allow registration online even before your arrival.
Stay Connected
iMAP <cedars.hku.hk/imap>
Join the HKU iMAP, our online social networking platform to start connecting with the University community before you come to Hong Kong. iMAP is exclusively for HKU members. You have to log in with a HKU email account. Incoming non-local students will get a temporary account to access iMAP before they get their HKU email accounts. You will be notified of this at least 2-3 weeks before the start of the term. If you have not received such an email, please contact CEDARS at cedars@hku.hk.

Others
• Arrange health/medical insurance if necessary (refer to p.34). You should make additional provision if necessary.
• For visiting and exchange students only: Confirm credit transfer arrangement with your own study abroad office. Make sure you know whether your home institution will give you credits for the classes that you complete at HKU.

Upon Arrival

What documents should I bring?

We recommend that you carry the following documents with you. To be safe, make photocopies of them.

- a valid passport or travel documents.
- a student visa (You have to present your student visa label to the immigration officer at the immigration clearance counter upon arrival.)
- an original Letter of Acceptance from The University of Hong Kong.
- proof of funds available (e.g. bank draft, transfer of funds, credit, scholarship or other) and/or credit cards such as Visa, MasterCard.
- address and telephone number of where you are going.
- your medical records, immunisation records and academic records.
- documents with details of your insurance policy (if any) issued in your home country.
- for those who are married, marriage certificate if your spouse is accompanying you.
- a passport photo for hall registration.
- a proof of your permanent address in your own country (e.g. original bank statements, driving license). The bank statements should be of the past 2 months and in English.

What should I pack?

Clothes & Bedding
- You can expect sunny, bright and cool weather during winter and occasional mist and showers from March to mid-May, so a shower proof jacket is desirable.
- There is no heating system in Hong Kong and some winter days can be very cold. You may consider bringing a quilt for the cooler days or alternatively buy one in Hong Kong.
- Linen and pillows are not provided in halls. You can get these items easily in the nearby markets of HKU campus. Some halls will lend you these items for the first few days.

Dictionary
Cantonese is the main language spoken among local students, but students are competent in speaking good English and all classes are conducted in English. However, you may expect some of the general public cannot speak good English. Bring along a good bilingual dictionary if you need one.
Electrical equipment
Electrical equipment you bring should be compatible with Hong Kong’s voltage, which is 220 volts, 50Hz. The plug being used in Hong Kong has 3 pins in rectangular shape (British style socket).

Food
• Hong Kong is a cosmopolitan city, and you will be able to find most, if not all, types of cuisine here.

• In case your flight arrives at late night, you may have difficulties locating a restaurant or catering outlet. You are advised to pack some light snacks such as biscuits or chocolates in your hand carry luggage.

Mobile phones
Hong Kong is using the GSM 900 / 1800, WCDMA 900 / 2100 and FDD-LTE 1800 / 2600 (2G, 3G and 4G) networks. There are a wide range of packages offered by different service providers in the market. Alternatively, you can also bring your handset and purchase a local pre-paid SIM card for use in Hong Kong. For information on Wi-Fi service in Hong Kong, please see <www.discoverhongkong.com>.

Sports goods/music instrument
If you wish to participate in student sports teams or any other student clubs, you may wish to bring along your personal equipment or instrument.

Study tools
Computer facilities are available on campus and in halls. You may, however, wish to bring along your own laptop for use inside your room. Most of the campus areas and all halls have wireless network coverage for registered students. You can also connect to the Gigabit Ethernet via LAN port in your room in hall.
