INTRODUCING THE CENTRE OF DEVELOPMENT AND RESOURCES FOR STUDENTS (CEDARS)

The Centre of Development and Resources for Students (CEDARS) is committed to fostering an intellectually stimulating and culturally diverse campus to enrich students’ total learning experience at the University of Hong Kong (HKU). Bridging the boundary between classroom and the world, we provide support services, resources and educational programmes to facilitate students’ learning. Cedars are ornamental trees with durably scented wood and evergreen leaves; they signify growth, development and shelter which are the goals of our work for students. At CEDARS, we hope to nurture students with a durable scent of the intellect so that they are forever young and fresh.

CEDARS consists of four sections

- Campus Life
- Counselling and Person Enrichment

Hong Kong Culture

Language

Hong Kong is a cosmopolitan society. Chinese is the major ethnic group. Locals speak the dialect of Cantonese. Most people speak Cantonese and understand English, though fluency of the latter may not be perfect. Putonghua is commonly heard and spoken nowadays. Some locals may have difficulties in communicating with you, particularly if you have strong regional accents. You may also experience some difficulties in understanding them at first. Just be patient. Try to speak slowly. Avoid colloquialisms and jargons if you can. When communication becomes really difficult, remember the magic word “smile”. It works across all cultures.

Social Customs and Behaviour

• It is common to call your peer’s first name. It is always safe to address the elders and seniors in the social circles with their titles such as Mr. Chan, Dr. Wong, Professor Lee, etc.

• It is advisable to give your Chinese friends plenty of personal space, particularly if you do not know them well. If you are interacting with the locals, avoid the common western gestures like back slapping and nudging as they may find them uncomfortable.

• Do not push ahead of others who are waiting in a queue.

• It is not polite to ask a newly acquainted person about his or her income or marital status.

• Squatting on the street and spitting or speaking loudly in public area are regarded as “uncivilised” acts. Putting your feet on a chair or on a train seat is deemed as “very bad manner”.

你好
Hello
¡Hola!
• Modesty is highly valued by the Chinese. Display of intense affection, temper or anything “extreme” will very often be frowned upon.

• The concept of “face” (dignity) is very important for the Chinese. Refrain from making criticism and personal remarks on social occasions.

**Chinese Festivals**

Hong Kong celebrates many traditional Chinese festivals. The most important one is the Chinese New Year, which usually falls in January/February. Classes will be suspended and university offices will be closed.

More information on Chinese festivals can be found at <www.discoverhongkong.com>.

**Daily Living in Hong Kong**

The University campus is well served by subway (Mass Transit Railway), buses and green mini-buses. Eligible students can apply for a “Student Octopus Card” in October every year. Details can be found at <www.mtr.com.hk>.

Generally Hong Kong is a safe city with many well-lit roads. Public transportation services also operate till midnight throughout the week.

If you wish to learn about the other facets of “HK life” such as transportation, money matters, cultural events, and tourism spots, you can surf the websites such as <www.studyinhongkong.edu.hk> and <www.discoverhongkong.com> before departing for Hong Kong. Essential information is also listed at CEDARS website at <cedars.hku.hk/wow>. You are strongly recommended to read the “Guide for Newcomers” at <www.cedars.hku.hk> (Publication) upon arrival.

Family Matters

Should I bring along my own family?

Before making a decision of bringing your family to Hong Kong, it is important to consider the following issues:

• The airfare expenses for your family to and from Hong Kong
• Additional accommodation expenses as you need to rent a larger flat
• Extra cost for food, clothing and other necessities
• Restricted employment opportunities for your spouse
• Provision of child care facilities
• Whether your children will adjust well to schools in Hong Kong
• English-speaking schools are mostly privately run and expensive
• The impact on you and your studies if your family is not happy in Hong Kong
• Whether you come to Hong Kong first and arrange things for your family, or bring your family to Hong Kong together with you
The following ESTIMATES are based on the charges for the year of 2016/17 only. Fees and charges are expected to increase on an annual basis.

Financial Aid
Like most countries, the HKSAR government or the University does not provide financial aid to non-local students. It is therefore important for you to plan your budget well and ensure that you will have adequate financial resources to cover all of your expenses during your stay in Hong Kong.

Scholarship
Postgraduate scholarships are available for those pursuing for a M.Phil. or Ph.D. degree. Further information is obtainable from the website of Graduate School at <www.gradsch.hku.hk>.

Students applying for undergraduate admissions will be considered for entrance scholarships when they submit admissions applications to HKU. The result will be announced at the same time when students receive an offer of admission. No separate application is required. For updated information, please visit our website at <www.hku.hk/admission>.

Students may also apply for other scholarships after they are admitted to HKU. For other HKU scholarships opportunities, please visit our website at <www.scholarships.hku.hk>.

Part-time and Summer Job
Under the existing immigration regulations, non-local students in full-time full-degree programme are allowed to work at the designated operators on the HKU campus for up to 20 hours per week during term time. They can also work full-time during the summer period. For details, please visit the CEDARS website at <www.cedars.hku.hk/wow> (visa).

While some students can earn extra money from part-time and vacation work, availability of suitable jobs is not guaranteed. It is not advisable to plan your budget expecting to find work for the maximum allowable hours.
Banking Arrangements: Making early provision

If you do not have a bank account in Hong Kong, you will need to transfer money for use on arrival. This can be done, either

- by instructing an overseas bank one or two weeks prior to your departure. Arrange to send money in your name to a bank in Hong Kong (both HSBC and the Bank of East Asia have branches on the HKU campus); or
- by carrying traveller’s cheques or bank drafts for deposit into a local account (personal cheques can also be deposited but may take up to three weeks to be cleared).

Majority of banks are open from 9:00 a.m. to 4:30 p.m., Monday to Friday. Most establishments in Hong Kong accept major credit cards such as VISA, MasterCard and American Express, but the University and most campus outlets accept cash or cheque only.

Documents for opening a savings account:
- Passport with student visa
- Student card and letter of admission
- Proof of your permanent address in your own country (e.g. original bank statement in English/Chinese issued in the last three months, latest driving license in English/Chinese)
- Proof of your residential address in Hong Kong (e.g. latest tenancy agreements, address proof from the respective office of halls of residence)
- Introducer or referee letter from home country’s bank in English/Chinese (if any)
- Hong Kong Identity Card (if any)

Note:
1. Banks may require additional documents in opening of account or reject applications of persons from certain countries. Please allow more time to process your bank account. Ensure that you have brought along enough cash to live in for the first few months.

2. Students under 18, please refer to p.36.
Bringing money

There are usually significant extra expenses in the first month of your stay, such as rental charges, household items and textbooks. On top of the tuition fees, expenses for the first month can amount to HK$10,000 or more for a student. It is important to have a realistic idea of the amount of money you will need and plan accordingly.

You are advised to bring enough cash, traveller’s cheques, or bank drafts to cover expenses of at least your first month. Do not, however, carry too much cash at any time.

You will be able to locate banks and currency exchange services at the airport as well as on campus.

You can obtain a bank draft or transfer money to a bank account in Hong Kong through your local bank. Keep in mind that it may take some time to cash a bank draft with a large amount of money.

Money transfers should be arranged well before your departure.

There are two banks and automated teller machines (ATM) located on campus:

- HSBC + ATMs (Tel: 852-2233 3000)
- The Bank of East Asia + ATMs (Tel: 852-3609 1812)
- Bank of China (ATM only)

Check their locations at: [www.maps.hku.hk](http://www.maps.hku.hk)

The official currency of Hong Kong is Hong Kong Dollar (HK$). You can exchange Hong Kong Dollar with foreign currency or traveller’s cheques according to the daily exchange rates at any banks or money exchange shops in Hong Kong.
Housing

Housing for full degree undergraduate and exchange students (for full-time students only)

We have different types of housing to suit your needs.

(A) Halls (primarily for undergraduate students)

There are thirteen halls of residence, eleven of which are directly administered by the University, while two are financially and administratively independent of the University. These halls vary considerably in size and character. They are basically undergraduate halls, but they also accept a small number of postgraduate students. Halls assign 30%-33% of their places to non-local students. Competition for hall places is keen.

Hall Culture: Is it for you?

The halls of HKU are committed to the personal and social development of their members. They are part of the education system, rather than a mere provision of accommodation. Hall members are expected to take full advantage of this experience and to participate actively in a wide range of hall activities.

The halls are also known for their strong hall spirit. Members identify very strongly with their halls. Each hall has its own tradition, culture and unique characteristics.

(B) Residential Colleges (for undergraduate and postgraduate students in UGC-funded programmes)

There are also four Residential Colleges (Jockey Club Student Village III – Shun Hing College, Chi Sun College, Lap-Chee College and New College) for 1,800 students.

The Residential Colleges have three distinctive features. First, as they are located in Kennedy Town and next to many residential blocks, students have very close engagement with the community.
Students use their knowledge and skills to help build a better community and at the same time, learn and grow in the process.

Second, there is a strong intellectual and academic component. Through activities such as seminars, salons, talks and projects, students together embark on interesting intellectual journeys and explorations. Such activities will also benefit the rest of the University community.

Third, the Residential Colleges have strong representations of local, mainland and overseas students. There is a lot of in-depth cultural exchange. The students may also help Kennedy Town to develop into a multi-cultural community.

Finally, the Residential Colleges also build on the proud traditions of hall, e.g. strong identity, High Table Dinners, etc.

Residential Colleges assign about two-thirds of their places to non-local students.

Facilities in Halls & Residential Colleges

All halls and Residential Colleges have common rooms and recreational facilities. Each floor has its own pantry and is equipped with refrigerators, microwave ovens, hotplates, water boilers and drinking fountains. Communal bathrooms and toilet facilities are provided on each floor. All rooms are air-conditioned and are furnished with beds and mattresses. Each student is provided with a wardrobe, a writing desk with a lamp, a chair and a bookshelf. Individual network point and a shared telephone line are provided in every room in most of the halls. Coin/smartcard-operated washing and drying machines are provided in every hall as well. All rooms are connected to the HKU Campus Network with data ports for internet access.
Halls & Residential Colleges Charges: Planning your expenses

(C) Other Student Residences

When all vacancies of halls or Residential Colleges for non-local undergraduate students are filled, students will be assigned a place in a “non-hall” student housing like Pokfield Road Residences (PRR). (see p.29).

The lodging fee for undergraduate students in PRR is same as that of other university-administered halls or Residential Colleges. In addition, residents will be charged for air-conditioning fees and they have to pay smartcard deposits.

Application Procedures:

CEDARS coordinates and places newly admitted non-local undergraduate students into halls and non-hall student housing. As soon as you are admitted to the University, you may submit an application. The online application form is available under “Housing for non-local students” of the CEDARS website at <www.cedars.hku.hk>. You will normally be notified of your application result from late July (for students admitted for the first semester) or from early December (for students admitted for the second semester).
CEDARS has introduced “Bursary Scheme for Outside Accommodation” since the academic year of 2009-10 to non-local undergraduate students in order to enrich their residential experience. The Scheme serves good educational value for non-local students if they live in the community. Students can understand more and be better integrated into the local community. If a few students team up to rent an apartment, they can also learn to take care of and collaborate with one another. For details, please contact Accommodation Service at <accommodation@cedars.hku.hk>.

The University has a few postgraduate residences that are independently managed. You should contact these residences directly for applications and enquiries.

(A) Graduate House (UGC-funded programmes only)

Located on the Main Campus, Graduate House provides air-conditioned accommodation for 200 postgraduate students. There are 190 single rooms with a shared bathroom between two adjacent rooms and 10 double rooms with private bathrooms. Approximately 80% of residents are from overseas.

**Monthly charges (in Year 2016-17):**

- Single room: HK$3,127
- Double room: HK$5,729 (for married couples without children)

(Occupants are required to pay the monthly electricity charges of their own bedrooms)

Security deposit: one month’s rent
Key deposit: HK$100

(C) Pokfield Road Residences (UGC-funded programmes only)

Pokfield Road Residences can accommodate up to 262 postgraduate students in four types of flats: single flats, 2-bedroom flats, double/triple-shared flats and family flats. Priority is given to newly arrived non-local research students. (A small number of vacancies will also be set aside to meet the demand from non-local undergraduate students.) Residents can stay from one month up to twelve months, with possibility of extension of stay. The monthly lodging fee ranges from HK$2,280 to HK$4,560 (2016-2017).

The Residence is within walking distance to the Main Campus (about 20 minutes) and Flora Ho Sports Centre (about 10 minutes).
Facilities:

All flats come with en-suite bathrooms, domestic washing machines and are fully furnished with beds, wardrobes, study desks, chairs and telephone connection. Each flat also contains a small kitchen with a sink, cupboards, a gas-stove and a small refrigerator for the preparation of light meals.

While lodging fee includes utility cost, air-conditioning is payable and activated by a smartcard device. Residents are responsible for cleaning their own flats, the communal bathroom and kitchen facilities.

(D) Morrison Hall (UGC-funded programmes only)

Founded in 1913, Morrison Hall is one of the oldest halls in the University. The Hall was closed down in 1968. Yet, with the efforts of the “Morrisonians”, a campaign for the rebuilding of Morrison Hall was initiated in late 1990s. The new building is located near the Flora Ho Sports Centre. All rooms are double rooms fully furnished with air conditioning and access to the campus network. There is a common bathroom and a pantry on each floor. It provides 150 residential places for both male and female postgraduate students. Priority will be given to newly arrived research postgraduates. It also consists of an undergraduate residence which accommodates 150 male students. All Morrisonians are expected to interact with each other through formal as well as informal hall activities. The monthly lodging fee for each postgraduate student is around HK$1,800, subject to annual review.
(E) Residential Colleges (Shun Hing College, Chi Sun College, Lap-Chee College and New College) (UGC-funded programmes only)

The areas of a single room and a double room are about 8 and 15 sq.m respectively. All rooms are furnished with beds, wardrobes, writing desks with lamps, chairs and bookshelves. Also, rooms are connected to the HKU Campus Network with data ports for internet access.

Laundry and air-conditioning services are operated by a ‘pre-paid smartcard’ device. Each floor has a communal pantry equipped with hot and cold drinking water supply, hot plates, a microwave oven, a refrigerator and a television. There are communal washrooms and shower stalls on each floor as well.

There is a five-storey podium housing multi-purpose common rooms for various social and academic-related activities.

The target proportion of undergraduates to postgraduates is 1:1. The monthly lodging fee for each postgraduate student is around HK$2,700 (double room) and HK$3,500 (single room), subject to annual review.

(F) Robert Black College (for short stay only)

Robert Black College provides accommodation primarily for overseas visiting scholars. There are a few vacancies for students.

Applicants can choose from a variety of accommodation, including single rooms, twin rooms, suites and apartments. All bedrooms have their own bathrooms, and are air-conditioned and furnished with a refrigerator, a television and a telephone, etc. There is also access to the University’s computer network in every room. Computers, fax machines and other facilities are also provided in the communal areas for residents' use.

Housing for married students and dependants

The University does not have any accommodation facilities specifically provided for married students and their dependants. However, they may apply for the rooms run by the Robert Black College (monthly rental ranges from HK$7,000 to HK$20,000) for temporary stay. In the long run, they need to rent a private flat outside the campus. Graduate House and Pokfield Road Residences also have limited residential places for married couples without children.

Temporary housing for students with special circumstances

For students who have special needs and would like to apply for student housing for a temporary period, you are welcome to contact CEDARS for applications. Our housing team will be pleased to assess and make recommendations according to your needs and the availability of vacancies in our residences.

Enquiry: accommodation@cedars.hku.hk

Students with disabilities or special educational needs may refer to the section "Support for Students with Disabilities and/or Special Educational Needs (SEN)" on p.35 for the support available.
Off-campus privately rented housing: an option for all

Privately rented housing is another option for you. Private accommodation is relatively more expensive than living in halls. Most landlords look for long-term tenancy of at least a year. If you wish to look for privately rented accommodation, you are strongly advised to arrive earlier, so that you will have ample time for property inspection and rental negotiation. The monthly rental starts from HK$4,000 up for a small single room and HK$10,000 or more for a flat. A set of guidelines on tenancy matters can be found under “Housing” section on our website at <www.cedars.hku.hk>.

Hotels and Hostels in Hong Kong

There are a number of hotels and hostels in Hong Kong, in which students can stay either short-term or long-term. Please visit the CEDARS website and go to “Housing” for information.

Guest Rooms on Campus

A few guest rooms are available in some halls for students to stay temporarily. For those who need a guest room, they should contact the following hall offices directly for reservation and information:

Medical Care and Insurance: Keeping well

Eligibility
For students, there are many levels of medical benefits. Some students may not be eligible for services at University Health Service. Your eligibility is not known before registration. Once you have completed your registration at the university, you will receive a university card with a number. The level of medical benefit will be known by then.

Primary Health Care on Campus
The University provides comprehensive primary health care to entitled students through a clinic on the Main Campus. Medical consultations are generally free of charge. Certain medications, preventive services and other items are charged at cost. A notional charge is also levied for dental treatment and physiotherapy treatment at the University clinic.

Specialist Care and Hospitalization
When specialist care and hospitalization are required, students can consider using these services provided at public clinics and general wards of government hospitals. The charge for those holding a Hong Kong Identity Card (HKID card) is subsidized. Non-local students without a HKID card are required to pay full fees for services and hospitalization in government hospitals.

Please note that many insurance policies are strictly on a reimbursement basis. International students, even with insurance coverage, may have to settle the medical bill first before they can claim reimbursement. It is important for students to check carefully with their insurance company on the extent of coverage and claim procedures, and set aside a sum of money for contingencies.

Students who are going to spend more than 180 days in Hong Kong may be eligible to apply for a HKID card. As it takes time to obtain the HKID card, they are strongly advised to get their own medical insurance to cover their first month of stay. Visiting students staying at the University for less than 6 months are strongly recommended to purchase private medical and hospital insurance to cover the whole period of their stay in Hong Kong.
Support for Students with Disabilities and/or Special Educational Needs (SEN)

The University welcomes students with disabilities/special educational needs (SEN). CEDARS is the one-stop service unit for students with physical and sensory disabilities, learning and developmental disabilities, mental illnesses, chronic medical illnesses, or multiple disabilities. If you have a disability and/or wish to receive additional support due to your special needs, please

- register with CEDARS CoPE - SEN Support as early as possible or even before you come to Hong Kong [you may download a registration form from SEN Support website (www.cedars.hku.hk/CoPE/SEN) once you have received the admission/exchange offer]
- obtain and bring along relevant documents to support your requests, such as assessment reports and documentary proof of previous special support.
- contact SEN Support [cedars-SEN@hku.hk or (852)3917-8388] upon your arrival at Hong Kong.

We provide comprehensive service and support. Examples include:
- information on campus facilities
- special examination arrangements
- volunteer / buddy support
- counselling service
- employment preparation and more...

Please visit CEDARS Counselling and Person Enrichment - SEN Support (www.cedars.hku.hk/CoPE/SEN) for details.

Our staff will work closely with you and assist you in achieving a rewarding and successful university life.
Students Under 18

You may still be under the age of 18 at the time of admission to HKU. In this case, your parent/guardian is required to sign a consent form, without which the University may have difficulty in arranging some of the teaching and learning activities, and accommodation for you.

You will be generally treated as an adult and are expected to lead your academic and social lives in HKU as other students do. The University will correspond directly with you, but not your parents/guardians, on things related to you such as course enrollment, payment status of fees, academic status, results and grades, etc. Your parent/guardian will only be contacted in emergency or other situations where potential risks are involved.

Things to note:

1. Student visa application
Your parent needs to nominate a local Hong Kong resident to be your guardian when applying for a student visa. Details of the guardian and nomination form should be attached to your visa application set at time of application. Please consult your student visa sponsor office (see p.37) if you have further enquiries.

2. Banking arrangement
Students under 18 must be accompanied in person by their parent(s) or legal guardian to open a bank account at one of the local banks. The University is not able to act as your guardian in this context.

3. Housing
If you are in need of student housing and are successful in your application, you will only be housed in University student residences such as Halls, Non-halls and the Residential Colleges.
Who should apply for a student visa?
Generally speaking, if you wish to study in Hong Kong and you do not have right of abode or right to land in Hong Kong, you need to apply for a HKSAR student visa.

When to apply?
As soon as you have received the admission letter.

Visa sponsor office
For all international students (except summer programme participants) and Mainland research students, please contact Centre of Development and Resources for Students (CEDARS).

Arrival Reception Service

Every incoming exchange student and international student to HKU would be paired up with a buddy mentor around a month before the semester starts. Your buddy mentor would answer your queries mainly via email communication. Pickup service is not guaranteed as it is in fact very convenient for you to get to our HKU campus from the Hong Kong International Airport. Nonetheless, your buddy mentors will be pleased to share some useful information with you as far as they could. Should you have any enquiries regarding the HKU Buddy Programme, please write to <buddy@hku.hk>.

HKU Weeks of Welcome (WoW), Orientation and Induction Programme

A series of orientation and induction programmes will be offered to the newly arrived non-local students at the beginning of the semester. These activities are a mixture of fun, fact finding, visits and tours. They aim to help the students settle in, induct into the local way, and know more about the new environment and people.

In addition to the orientation and induction programmes, CEDARS also organizes the Inauguration Ceremony and High Table Dinner/Luncheon for new students. All these activities are designed to help them integrate into the University and to cultivate a sense of identity as a member of HKU.

To facilitate adjustment and adaptation to life in HKU, new students are strongly encouraged to participate in other orientation activities organized by halls, Residential Colleges, etc., which will normally take place in late August. Find out more details from the housing managers or Hall Associations in early August.

**Chinese courses**
Undergraduate students and exchange students can enroll in some credit-bearing Chinese courses run by the School of Chinese. The School runs Cantonese courses and Chinese Language Courses for foreign students. Research postgraduate students can also sign up for the non-credit bearing Cantonese classes offered by the Graduate School.

**Language Support**

**Individual Peer Tutoring on Language (English and Cantonese)**

To help newcomers better adjust to the learning and social environment at HKU and facilitate greater integration of local and non-local students, CEDARS - Counselling and Person Enrichment Section (CoPE) and two language centres have jointly organized “Peer Language Tutoring Programme (both in English & Cantonese).”

**• Survival Cantonese**
Non-local students who do not know Cantonese and wish to learn the basics are encouraged to join “Survival Cantonese”, which is jointly organized by CEDARS-CoPE and Chinese Language Centre. You will practise 30 essential day-to-day Cantonese phrases with local student tutors and gain a chance to befriend local students.

**• Peer English Tutoring**
“One-to-one” and “group chat” English conversational practice sessions are offered to HKU students who want to brush up their English oral skills. All English peer tutors are native or near native English speakers. This collaboration between CEDARS-CoPE and Centre for Applied English Studies (CAES) has proven to be an effective and popular initiative that benefits both tutors and tutees.

You can register as a tutee to learn from your peers, or become a Peer Tutor to help other students. Stay tuned for enrollment/recruitment notices from CEDARS-CoPE.

**HKU jargons**
HKU students have a lot of jargons like “submarine”, “superpass”, etc. It would be interesting to learn some of them from your buddy.

Student Clubs

The Hong Kong University Students’ Union (HKUSU)

HKU is renowned for its vibrant campus life. Students enjoy a high degree of autonomy. The Hong Kong University Students’ Union (HKUSU) is the largest student body on campus. It is independent of the University administration and runs its own Co-op store and photocopying centre on campus. It has more than 130 sub-organisations, each with distinctive objectives and functions, catering to the diverse interests of the student population. The Postgraduate Student Association (PGSA)

The theme “One simple engagement, endless Discoveries” brightens the colorful world of The Postgraduate Student Association (PGSA). Established in 1993, the PGSA of HKU has been serving postgraduate students and alumni for more than 20 years. Postgraduate students can hone their skills and make friends under the most welcoming atmosphere from the beginning of the postgraduate journey. To give a
fresh start to newcomers, PGSA presents an orientation programme and welcomes new family members, including executive committee members as well.

The Association aims to enhance postgraduate life in HKU by encouraging students' active interest in their welfare by participating in various academic, social and professional events. The Association is an independent unit in the University and an autonomous body like HKUSU. PGSA is open to all HKU postgraduate students, whether full-time or part-time. The membership, which is lifetime, offers many postgraduate activities held in HKU. These activities may consist of basketball games, tennis games, social parties, high table dinners, career building workshops, outdoor trips and lectures of special relevance to postgraduate life.

It is noteworthy that voluntary works of different natures are also the missions and duties of PGSA. With the support together from the HKU family and friends like you, it would be a fabulous chance to embrace the beautifulness and fruitfulness of postgraduate life.

What should I pack?

Clothes & Bedding
• You can expect sunny, bright and cool weather during winter and occasional mist and showers from March to mid-May, so a shower proof jacket is desirable.
• There is no heating system in Hong Kong and some winter days can be very cold. You may consider bringing a quilt and a cold resistant jacket for the cooler days or alternatively buy one in Hong Kong.
• Linen and pillows are not provided in halls. You can get these items easily in the nearby markets of HKU campus. Some halls will lend you these items for the first few days.

Dictionary
Cantonese is the main language spoken among local students, but students are competent in speaking good English and all classes are conducted in English. However, you may expect some of the general public cannot speak good English. Bring along a good bilingual dictionary if you need one.

Electrical equipment
Electrical equipment you bring should be compatible with Hong Kong’s voltage, which is 220 volts, 50Hz. The plug being used in Hong Kong has 3 pins in rectangular shape (British style socket).
**Food**
- Hong Kong is a cosmopolitan city. You will be able to find most, if not all, types of cuisine here.
- In case your flight arrives at late night, you may have difficulties locating a restaurant or catering outlet. You are advised to pack some light snacks such as biscuits or energy bars in your hand carry luggage.

**Mobile phones**
Hong Kong is using the GSM 900/1800, WCDMA 900/2100 and FDD-LTE 1800/2600 (2G, 3G and 4G) networks. There are a wide range of packages offered by different service providers in the market. Alternatively, you can also bring your handset and purchase a local pre-paid SIM card for use in Hong Kong. For information on Wi-Fi service in Hong Kong, please see <www.discoverhongkong.com>.

**Sports goods/music instrument**
If you wish to participate in student sports teams or any other student clubs, you may wish to bring along your personal equipment or instrument.

**Study tools**
Computer facilities are available on campus and in halls. You may, however, wish to bring along your own laptop for use inside your room. Most of the campus areas and all halls have wireless network coverage for registered students. You can also connect to the Gigabit Ethernet via LAN port in your room at hall.
