Guidance Notes for Application of Bursary Scheme to Accommodating Non-local Undergraduate Students Year 2017-2018

1. Aims of the Scheme

As there is a serious shortage of places in hall places for all non-local students in the University, non-local students who are not admitted by residential halls may have great difficulties in finding on campus accommodation. This will affect their studies in the University as well as their livings in Hong Kong. In this connection, the University would assist this group of students with accommodation bursary so that they can make their own off-campus accommodation arrangements.

The scheme was introduced in 2009 to enrich non-local students’ residential experience at HKU. Through this scheme, students can understand more and be better integrated into the local community. If a few students team up to rent an apartment, they can also learn to take care of and collaborate with one another.

Under this scheme, each approved applicant can be reimbursed the rental payment of his/her own accommodation within his/her approved period, and subject to a maximum amount of HK$2,600 per month, and HK$26,000 per year.
