Effective communication requires us to consider who we talk to, what we talk about, and how we talk. Sometimes, we are effective communicators while other times, we can be socially awkward. Some people, however, are very uncomfortable with social communication and do not get to enjoy talking and interactions with people as much as they would like. As friends, we will listen and will not give up engaging each other in communication.

Be a friend!

Different but Not Less
We all have something to overcome
