

## **100th Birth Anniversary World Tour of Akira Kurosawa in Hong Kong (AK100)**

On behalf of the Executive Committee of AK100 Project, I would like to introduce the captioned event to University of Hong Kong (HKU) which presenting Akira Kurosawa (黑澤明)'s supreme achievement and outstanding influence on the global film industry.

Akira Kurosawa is widely regarded as one of the world's most influential filmmakers of his generation, and this commemorative anniversary will be very meaningful and memorable; one that is not to be missed by the public.

And AK100 in Hong Kong is being held at ArtisTree, 1/F Cornwall House, TaiKoo Place, Island East, Hong Kong from Friday, 18 December 2009 to Sunday, 17 January 2010.

AK100 World Tour began in Monaco in May 2009 and then New York, and will continues to Rome, Madrid, London, New York, Dubai as well as other major Japanese cities including Tokyo and Osaka. Hong Kong, apart from the first city to hold this spectacular in Asia, it is the biggest AK100 ever.

As all the programmes of the AK100 are free of charges and it is a very good experience in cultural exchange between Japan and Hong Kong, we have prepared some posters and leaflet for the introduction of the event to the staff and students of HKU.

Official website of AK100 World Tour in Hong Kong :
