First Year Studies

Basic Curriculum Structure

All HKU undergraduate curricula have certain common learning experiences: the common core, the language component and the capstone experience. Students of professional curricula concentrates a significant portion of their remaining studies on the "professional core", while students of non-professional curricula are given large flexibility to design their own combination of majors, minors and electives within and outside their home Faculties.

Below are the general components of a typical four-year undergraduate curriculum:

Component	Courses	No. of Credits*
Compulsory Courses	Common Core	36 credits
	English	12 credits
	Chinese	6 credits
Specialisation	Professional Core	108 – 186 credits
	Major	72 – 96 credits (144 to 150 for BSc intensive majors)
	Minor	36 – 48 credits
Electives	Courses within or outside home Faculties	Remainder to complete 240 credits
Total no. of required credits	240 credits	

* There are considerable new UG programmes with different curriculum designs and structures, such as the BASc 4-year programmes, double degree 5-year programmes and joint-university dual degree 4-year programmes. Check Faculty websites for details.

For more information on the curriculum structure, regulations and selection of major(s) and minor(s), please refer to the website of the Academic Advising Office (AAO) (aao.hku.hk).

Towards the end or after your first year at the University, you may consider going abroad for exchange studies and/or engage in experiential learning required by your course(s). You are therefore encouraged to visit the International Affairs Office (aal.hku.hk/studyabroad) to learn more about the support services to HKU's incoming and outgoing exchange students, the exchange opportunities, partner institutions, eligibility and application procedures etc. so that you can plan ahead for your studies. You can also find useful information on non-academic support such as visa from studentvisa.hku.hk and financial resources from CEDARS (cedars.hku.hk/cedars-financial-resources).

You are welcome to visit the Gallant Ho Experiential Learning Centre (ghelc.hku.hk) to find out more about the interdisciplinary and multidisciplinary learning projects.

If you wish to apply for a testimonial/transcript, you should submit an online application via HKU Portal by following the path: SIS Main Menu -> Online Applications -> Application for Testimonial/Transcript. The relevant instructions and user guides are available on the website of the Academic Services Office (ase.hku.hk/asoffice).

Study Plan and Course Selection

Formulate your study plan as soon as possible. You can do so by logging into HKU Portal, reviewing the course and timetable in the Student Information System (SIS), and devising a course selection plan for the coming academic year and a tentative study plan for the whole study period. Identify some backup courses (especially for elective courses and Common Core courses) just in case your preferred courses become full due to quota limitation. An E-academic planner for making a study plan is available on AAO's website (aao.hku.hk/eplanner). You can also visit aao.hku.hk/new-students/ for the Welcome Package for New Students, which includes useful information and resources on academic planning and course enrolment.

While you might not be required to declare your major/minor right away, if you are considering a particular major/minor programme, please make sure that you do not miss any pre-requisites that should be taken in your first year.

Pay attention to the dates of the course selection period and add/drop period and enroll your courses in SIS accordingly. Seek advice from your Faculty Office or AAO as necessary.

Please visit the website of AAO (aao.hku.hk/important-academic-dates) for the important academic dates.

Academic Advising

At HKU, academic advising helps you understand the aims of university education, the culture and ethos of learning, the available educational options and the paths that can be taken so that you can draw your own roadmaps to achieve your goals and monitor your own progress. Academic advising enables you to have greater satisfaction with your academic experience, better self-understanding and a sense of success in the achievement of personal and academic goals.

If you have any academic questions, one-on-one advising is available at AAO (booking.aao.hku.hk).

All first-year undergraduates will sign up/be allocated a Faculty Academic Adviser. You are encouraged to meet with your Faculty Academic Adviser to seek advice on different academic issues throughout your studies. Check who your adviser is in the "Student Centre" of HKU Portal and reach out to her/him.

Language Requirement and Pre-requisites

You are advised to pay attention in completing the language and pre-requisite course(s) required by your Faculty in your first year of study.

Some Faculties require students to complete certain introductory course(s) in the first year to facilitate smooth progression to senior years and better understanding of the subject in question. At the programme level, majors and minors may also require students to complete certain pre-requisite(s) in the first year. The failing of which may affect your taking of senior courses and declaration of the relevant major or minor. Please check with your Faculty for the details of the courses.

CAES1000 Core University English (CUE)

The Core University English (CUE) is a very important course for all first-year undergraduate students. It aims to help you develop the academic English language skills you will need to complete your university degree. The course develops your ability to understand and produce spoken and written academic texts, express academic ideas and concepts clearly and in a well-structured manner, and search for and use academic sources of information in your writing and speaking.

Common Core Curriculum

The HKU Common Core Curriculum is the centerpiece of the undergraduate curriculum. It stimulates students' intellectual curiosity to explore issues of profound significance to humankind through four Areas of Inquiry (Aols): Scientific and Technological Literacy, Arts and Humanities, Global Issues, and China: Culture, State and Society. Common Core courses are interdisciplinary in nature and are taught by professoriate staff from all Faculties.

Students of four-year curriculum are required to complete 36 credits of courses in the Common Core Curriculum, comprising at least one and not more than two courses from each Aol with not more than 24 credits of courses being selected within one academic year except where students are required to make up for failed credits. However, the number of courses required and the year and semester in which they are taken vary from programme to programme. You are advised to check with your home Faculty on your programme requirements for taking Common Core courses before choosing the courses.

Students Under 18

You may still be under the age of 18 at the time of admission to HKU. In this case, your parent/guardian is required to sign a consent form, without which the University may have difficulty in arranging some of the teaching and learning activities and accommodation for you.

We will correspond directly with you, but not your parents/guardians, on things related to you such as course enrolment, payment status of fees, academic status, results and grades, etc. Your parent/guardian will only be contacted in emergency or other situations where potential risks are involved.

Residential Halls, Residential Colleges and Student Residences

Halls (mainly for undergraduate students) and Residential Colleges (for undergraduate and postgraduate students in UGC-funded programmes)

At HKU, residential education forms part of the proud tradition of the University. They are part of the education system rather than a mere provision of accommodation. As members of halls and colleges have to learn to be independent and interact closely with students of various backgrounds under the same roof, halls are a community of students seeking social and intellectual enrichment.

Undergraduate students can apply to one of the undergraduate Halls and Residential Colleges. Amongst these 17 student residences, two of them are financially and administratively independent.

HKU halls are known for their strong hall spirit. Members identify strongly with their halls. Each hall has its own tradition, culture and unique characteristics. Hall members are expected to participate in various activities.

The four HKU Residential Colleges have 1,800 places for undergraduate and postgraduate students. They have strong representations of local, mainland and overseas students. There is a lot of in-depth cultural exchange. Students have very close engagement with the neighbourhood community.

All Halls and Residential Colleges have common rooms and recreational facilities and quiet study area. Toilet facilities are communal. Other accommodation options include university-administered non-hall housing and off-campus private accommodation.

Please refer to the website of CEDARS-Campus Life Section (cedars.hku.hk/cl) for applications and other information.

University-administered Non-hall Housing

Apart from Halls and Residential Colleges, the University also administers a number of flat-type residences for students.

Student Flats (Undergraduate students)

There are 12 Student Flats (72 bedspaces) at 6 Sassoon Road. Each flat accommodates eight students and is self-contained with its own air-conditioned living room, bedrooms, bathroom, kitchen, washing machine and separate main entrance. It is connected to the HKU Campus Network with data ports for internet access in all rooms.

Ching Lin Terrace Residence (Undergraduate and postgraduate students)

Ching Lin Terrace Residence is a nine-storey flat-type residence, most of which features single rooms, houses 126 students. It also features 21 double-bed rooms in some selected flats for postgraduate students bringing their spouses. It is within walking distance to the Main Campus.

Off-Campus Private Accommodation

Privately Rented Accommodation

If you do not want to reside in the university administered student residences, you can choose to find your own apartment or share a flat with your friends or other HKU students. Information on vacant flats and rooms can be found in local newspapers, real estate agencies or from the website of CEDARS. CEDARS gathers information on rooms and flats available for renting in the vicinity of the campus. The information is posted on an intranet database (intranet.hku.hk/osa/app/accom02.form) where all HKU members can get access to easily. CEDARS also compiles a monthly statistical report on rental information. Guidelines on signing a tenancy agreement are listed at cedars.hku.hk/housing.

As a general rule, the landlord will request the tenant to pay a two-month rental deposit and demand a contract that will last for a year or more. Places advertised in the newspapers are generally arranged by real estate agencies and they will levy a commission fee.

Bursary Scheme

CEDARS introduces "Bursary Scheme for Outside Accommodation" to non-local undergraduate students to enrich their residential experience at HKU. Students can understand more about and be better integrated into the local community. If a few students come together to rent an apartment, they can also learn to take care of and collaborate with one another. For details, please contact the CEDARS-Campus Life Section (cedars.housing@hku.hk).

HKU Home - Housing Enquiry Sessions

If you are interested in renting a flat near the University or finding a classmate to share a flat with you, visit and meet CEDARS staff at the enquiry sessions. The sessions aim to provide you with private accommodation information, gather students who want to find housemates to rent a flat together and provide information of property agencies near HKU if needed. For enquiry, please contact the CEDARS-Campus Life Section (cedars.housing@hku.hk).
