## 6 Students Under 18

You may still be under the age of 18 at the time of admission to HKU. In this case, your parent/guardian is required to sign the online consent form ([http://www.ase.hku.hk/age18/consent\\_form.pdf](http://www.ase.hku.hk/age18/consent_form.pdf)), without which the University may have difficulties in arranging some of the teaching and learning activities, and accommodation for you.

You will be generally treated as an adult and are expected to lead your academic and social lives in HKU as other students do. The University will correspond directly with you, but not your parent/guardian, on things related to you such as course enrollment, payment status of fees, academic status, results and grades, etc. Your parent/guardian will only be contacted in case of emergency or other situations where potential risks are involved.

### Things to note:

#### 1. Banking arrangement

Students under 18 must be accompanied in person by their parent or legal guardian to open a bank account at one of the local banks. The University is not able to act as your guardian in this context.

#### 2. Parental responsibility

For important information for parents/guardians of students who will be under the age of 18 years at the time of admission to the University, please visit the following:

## 10 Student Support and Resources

### Student Housing

Our 17 residential halls and colleges are more than a place to sleep – they are a fun and essential part of the HKU experience. As members of halls and colleges have to learn to be independent and interact closely with students of various backgrounds under the same roof, halls are a community of students seeking social and intellectual enrichment.

CEDARS also provides housing places at 5 sites, namely CEDARS-administered Residences, as housing alternatives not bound by the rich traditions of Halls and Residential Colleges. Student residents enjoy a varied hostel experience in a range of room type options including single rooms, double rooms, shared flats, and family units (for married couples). The sharing of basic facilities (e.g. bathroom and kitchen) of a small household size provides better networking and interpersonal development among flatmates. Closer attention from staff and resident tutors provides conveniences and quick responses that students expect nowadays.

Each hall/college/residence has its own tradition, culture and unique characteristics. Other accommodation options like hotels, hostels and privately rented off-campus housing are available to suit different lifestyles and budgets of students.

## Insurance Coverage

HKU has arranged the following two insurance policies for its registered students:

- (i) Corporate Travel Insurance which is for covering students whilst travelling outside Hong Kong on a bona fide business/study trip authorised by the University in connection with the University's business such as exchange programmes, field trips or overseas study visits etc.
- (ii) Group Personal Accident ("GPA") policy which is for covering students against any accidental loss sustained as a result of injury (i.e. restricted and limited to medical expenses only) whilst participating and/or attending in an event or activity organised/supervised/approved by the University within and/or outside Hong Kong such as field trips, project work, or site visits etc.

Students are not required to apply for the above insurance covers or to make any declaration in advance. **Please note that the University would only provide standard travel insurance coverage for the business trips/activities of the University, and would not insure any personal cash or property of students in any circumstances. If additional or special insurance coverage is required, you are strongly recommended to provide yourself with personal insurance at your own expense.** Since many insurance policies are operating strictly on a reimbursement basis, you might have to settle the bills first before you can make a claim for reimbursement with the insurance company. It is therefore important for you to check carefully with your insurance company on the extent of coverage and claim procedures, and set aside a sum of money for contingencies. For more information about the insurance coverage arranged by HKU, you may contact the Finance and Enterprises Office of the University through email at [feo\\_insurance@hku.hk](mailto:feo_insurance@hku.hk).

## Emergency Assistance When Travel Overseas

Travelling outside Hong Kong (including exchange programmes, overseas internships, career learning trips, service learning, competitions, academic activities, etc.) may involve potential health and safety risks. HKU has a range of resources and information available to support you in planning a trip and coping with a crisis outside Hong Kong. The one-stop "Crisis and Emergency Outside Hong Kong" webpage ([www.cedars.hku.hk/overseasemergencyassistance](http://www.cedars.hku.hk/overseasemergencyassistance)) brings together information and support services available at the University such as insurance coverage and arrangement, engagement of Europ Assistance for provision of general assistance, local information and travel advice, key contact information of the University and Consulates, reminders before departure, and other useful tips and precautions.

## Visa Matters

### Who should apply for a student visa?

Generally speaking, if you wish to study in Hong Kong and you do not have the right of abode or right to land in Hong Kong, you need to apply for a student visa/entry permit to Hong Kong.

### When to apply?

You should proceed with your student visa application as soon as you receive a conditional/confirmed offer of admission.

### Visa sponsor office

For all non-local students, you are required to apply for your student visa/entry permit through Admissions Office (AO). Please refer to the AO website for detailed information on the visa application procedure.

Learn more: [www.studentvisa.hku.hk](http://www.studentvisa.hku.hk)

Contact: <https://www.studentvisa.hku.hk/contact-us>

## Family Matters

### Should I bring along my own family?

Before making a decision whether or not to bring your family to Hong Kong, it is important to consider the following issues:

- The airfare expenses for your family to and from Hong Kong
- Additional accommodation expenses as you may need to rent a larger flat
- Extra cost for food, clothing and other necessities
- Restricted employment opportunities for your spouse
- Provision of child care facilities
- Whether your children will adjust well to schools in Hong Kong
- English-speaking schools are mostly privately run and expensive
- The impact on you and your studies if your family is not settled in Hong Kong
- Whether you will come to Hong Kong first and arrange things for your family, or bring your family to Hong Kong together with you

## Financial Matters

### **How can I transfer money to Hong Kong for use on arrival if I do not have a bank account in Hong Kong?**

This can be done, either

- by instructing an overseas bank one to two weeks prior to your departure to send money in your name to a bank in Hong Kong (both HSBC and the Bank of East Asia have branches on the HKU campus); or
- by carrying traveller's cheques or bank drafts for deposit into a local account (personal cheques can also be deposited but may take up to three weeks to be cleared).

### **How much money should I bring to Hong Kong?**

There are usually significant extra expenses in the first month of your stay, such as rental charges, household items and textbooks. On top of the tuition fees, expenses for the first month can amount to HK\$10,000 or more for a student. It is important to have a realistic idea of the amount of money you need and plan accordingly.

You are advised to bring enough cash, traveller's cheques, or bank drafts to cover expenses for at least your first month. Do not, however, carry too much cash at any time.

You can obtain a bank draft or transfer money to a bank account in Hong Kong through your local bank. Keep in mind that it may take some time to cash a bank draft with a large amount of money. Money transfers should be arranged well before your departure.

The official currency of Hong Kong is Hong Kong Dollar (HK\$). You can exchange Hong Kong Dollars with foreign currency or traveller's cheques according to the daily exchange rates at banks or money exchange shops in Hong Kong.

### **Will I have access to banks and automated teller machines (ATM) on campus?**

There are two banks and a few ATMs located on campus:

HSBC branch + ATMs

(Tel: (852) 2233 3000)

The Bank of East Asia branch + ATMs

(Tel: (852) 3609 1812)

Bank of China branch (ATM only)

Check their locations at [www.maps.hku.hk](http://www.maps.hku.hk).

### **Can I take up part-time employment and summer jobs?**

Under the existing immigration regulations, non-local students in full-time full-degree programmes are allowed to work at the designated operators on the HKU campus for up to 20 hours per week during term time. They can also work full-time during the summer months within the currency of their limit of stay while they remain as a student at HKU.

In addition, non-local students in full-time postgraduate level may take up employment in Hong Kong without the above restrictions when they remain as a student in HKU until 31 October 2025, or before their student visa expiry, whichever is shorter.

For details, please refer to the No Objection Letter (NOL) issued by the Hong Kong Immigration Department (ImmD) attached to your visa permit, or contact your Faculty concerning the latest NOL. You may find such guidelines on the ImmD website:

[www.immd.gov.hk/eng/services/visas/study.html](http://www.immd.gov.hk/eng/services/visas/study.html) (After Applying ⇨ Conditions of Stay).

While some students can earn extra money from part-time and vacation work, the availability of suitable jobs is not guaranteed. It is not advisable to plan your budget expecting to find work for the maximum allowable hours.

## Medical Care

### How do I access to specialist care or hospitalisation?

When specialist care or hospitalisation are required, you can consider using the services provided at (i) public clinics and general wards of government hospitals or (ii) private clinics and hospitals in the market.

To be eligible for receiving subsidised public healthcare services in public hospitals/clinics, non-local students who have been permitted to remain in Hong Kong for more than 180 days **MUST** present a valid Hong Kong Identity Card when attending public hospitals/clinics for registration.

For non-local students whose length of stay in Hong Kong is less than 180 days, they **MUST** present a valid travel document and visa permit issued by the Hong Kong Immigration Department with the label/sticker/stamp indicating that “one is not a visitor” and “one has not overstayed”.

Non-local students without the aforesaid document(s) are required to pay full fees for services and hospitalisation in government hospitals.

For details of the fees charged by government hospitals, please visit [www.ha.org.hk](http://www.ha.org.hk) (Services Guides ⇨ Fees and Charges).

## Insurance Coverage

### Do I need to get my own medical insurance?

Non-local students who are going to spend more than 180 days in Hong Kong are eligible to apply for a Hong Kong Identity Card (HKID Card), and they may enjoy the subsidised public healthcare services provided by the HKSAR Government. However, the demand for the said public services is very high and may not meet your urgent or special medical needs. Given that the University would only provide primary healthcare services, it is therefore highly recommended for all non-local students irrespective of your length of stay in Hong Kong to get your own medical and hospitalisation insurance before your departure from your home country. If you plan to travel to other countries for personal business during your study at HKU, you are advised to purchase an insurance policy with worldwide coverage.

## Weeks of Welcome (WoW)

### What kinds of induction activities are available?

A series of induction activities for newly arrived non-local students are available. The activities, which are a mixture of fun, fact-finding, visits and tours, aim to help the newly arrived students to settle down, induct into the local way, enhance cross-cultural experience and sharing, as well as explore new environment and people. Local students will serve as student hosts to lead these activities and introduce HKU and Hong Kong to new students.

Learn more: [www.cedars.hku.hk/wow](http://www.cedars.hku.hk/wow)

## **Non-local Students under the age of 18**

### **What information do I need to know if I am under 18?**

#### **1. Student visa application**

Your parent needs to nominate a local Hong Kong resident to be your guardian when applying for a student visa. Details of such nomination can be found on the guardian nomination form. Please consult the Admissions Office (see [p.32](#)) if you have further enquiries.

#### **2. Hong Kong Identity Card**

If your parent has nominated a relative to be your local guardian to the Hong Kong Immigration Department, you should be accompanied by that local guardian when you submit your Hong Kong Identity Card application at the Hong Kong Immigration Department.

If your parent has nominated “The University of Hong Kong” to be your local guardian, you can just submit your application to the Hong Kong Immigration Department on your own. You will be asked to fill in a declaration form there.

#### **3. Banking arrangement**

Students under 18 must be accompanied in person by their parent or legal guardian to open a bank account at one of the local banks. The University is not able to act as your guardian in this context.

#### **4. Age restrictions**

You should observe the laws and regulations for age-restricted products, services, or activities in Hong Kong, e.g. alcohol, tobacco, tattoo, indecent materials, admission to Category III films, entering premises where bets are accepted, etc. Make sure you look for information regarding restrictions for underage persons and act responsibly.
