### Free Elective
- 36 advanced credits (Introductory courses should be taken on top of 120 credits)

### OR

### Minor in any disciplines
- 36 credits (subject to the requirements of individual programme)

---

1. Disciplinary major
2. University requirements (UG5)
3. Disciplinary introductory
4. Social Innovation (SI) / Global Citizenship (GC)
5. Disciplinary advanced
6. Advanced free electives / Minor programme

---

**Notes:**
- Introductory courses should be taken on top of 120 credits.
- Subject to the requirements of individual programme.
Remarks:

1. Students are allowed to choose one of the following disciplines as their first major.
   - China Studies (Social Sciences Stream)
   - Geography
   - Politics and Public Administration
   - Psychology
   - Social Work and Social Administration
   - Sociology

2. University requirements include a 6-credit of English in the Discipline course and two 6-credit courses in Common Core Curriculum in two different Areas of Inquiry.

3. Psychology major students without PSYC1001 exemption are required to take 72 credits for the Disciplinary major, and only required to take 30 credits of free electives at advanced level to fulfil the graduation requirements.
4. For Psychology students who plan to conduct an independent empirical research in final year, they are advised to take PSYC1004 in Semester 1 and PSYC2060 in Semester 2 in Year 3.

5. For students opting for a minor under Faculty of Social Sciences (FoSS), you are required to make up the 6-credit introductory course by taking a 6-credit advanced disciplinary elective of your declared minor in lieu (i.e. a total of 36 credits advanced courses).

6. For students opting for a minor under non-FoSS, you are required to take courses based on the individual programme requirements. As a result, the credits of the introductory course(s) requested by your minor programme should be counted on top of 120 credits. In other words, students may need to take more than 120 credits to fulfil both of your disciplinary major and minor programme requirements, but not more than 144 credits.
Q: Can I declare a second major or a minor?  
A: Yes, you can declare a minor offered by any Faculty, but not for a second major.

Q: Are there any maximum enrolled credits for graduation?  
A: The maximum number of credits for DAS students is 144.

Q: Am I allowed to study introductory courses?  
A: Yes, you can. However, the credits of introductory courses taken would be counted on top of your 120 credits for graduation (except the two required courses in Common Core Curriculum, and PSYC1001 and/or PSYC1004 for Psychology major students).
