The BASc curriculum equips students with an interdisciplinary focus and prepares them to make an impact by solving the world's problems. Each student achieves these goals in a personalised and tailor-made manner whilst being supported by a mentor and other students from the BASc family.

Students will major in Interdisciplinary Studies where they will take five courses from each of the *two pathways* so that they gain knowledge from diverse disciplines. Students can also take an additional major/minors/electives to further enhance their interdisciplinarity.
