

CEDARS iMAP

For students who are looking for roommate to share flats or mini-hall information, you can look for this information via CEDARS iMAP.

iMAP is an online social networking platform consisting of a public wall and a search engine to help HKU students to find fellow students by interest, talent, nationality, current location and overseas experience, etc. Membership is exclusively for HKU students. With our feature "HK UHome", you can also look for privately rented off campus accommodation and roommate to share the place via this channel. To facilitate your immediate use of iMAP even before you get your HKU email account, you could be assigned a login password with your current non-HKU email account. You can get connect with the rest of the University community even before you come. Please visit this website for further information:
